## Notice to Bidders

### Government e-Procurement System

In line with Government's plan towards a fully-fledged digital society requiring increased use of ICT in public administration, the Central Electricity Board (CEB) would, by the end of July 2019, carry out public procurement electronically on the Government e-Procurement System (ePS). Consequently the paper based procurement process would gradually be phased out.

The CEB has already embarked on the e-Procurement Platform and in this respect, Bidders are advised to register at the earliest on the e-PS at the following address:

<https://eproc.publicprocurement.govmu.org>

A video for Bidders on "How to Register" can be viewed on Youtube at:
