

General Notice No. 2552 of 2015

CENTRAL ELECTRICITY BOARD

In the exercise of the powers conferred upon it by Section 20 of the Central Electricity Board Act, the Board hereby fixes the prices to be charged for the supply of electricity under the Social Tariff 110A as per the following:

1. The price that shall be charged by the Board during any particular month shall be in accordance with the tariff set out in Schedule 1 to this notice.
2. The Social Tariff 110A is applicable to:
 - A: Households receiving government social allowance, under the Social Register of Mauritius for Child Allowance, from the Ministry of Social Security, National Solidarity and Senior Citizens Welfare & Reform Institutions,
 - B: Socially-vulnerable households registered by the National Empowerment Foundation,
 - C: CEB domestic customers (households only) registered under Tariffs 110 and 120, excluding SSDG owners, and having a minimum of 6 consecutive monthly consumptions subject to the following conditions:
 - i) The average monthly consumption under the yearly assessment period shall not exceed 85 kWh.
 - ii) The electricity consumption in any one month during the assessment period should not exceed 120 kWh.
 - iii) The customer place of abode (residence) is not unoccupied.
This condition is applicable only to accounts having a declared load above 300 watts. Residences, having electricity account categorized under Tariff 120, with consumption of 15 kWh or less during each of the last 3 consecutive months are considered as unoccupied.
3. Eligibility to the Social Tariff 110A shall be reviewed on a calendar yearly basis,
4. All bills shall be rounded to the nearest rupee.
5. The revised tariff conditions shall take effect as from 1st January 2016.

For accounting purposes electricity bills issued in respect of consumption related to meter readings taken on 1st January 2016 and until 31 January 2016 shall be calculated on a pro-rata basis. For the sake of this calculation, each day's consumption shall be deemed to be the equivalent of 1/30th of the total consumption registered on the meter since the date of the last reading.
